ANIKET UNDERIYA

AI/ML Engineer | Agentic AI Engineer | GenAI & LLM Engineer

aniketunderiya20@gmail.com | +91 8477930875 | linkedin.com/in/aniket-underiya | github.com/underiya-ai

PROFESSIONAL SUMMARY

Results-driven AI/ML Engineer and Agentic AI developer (B.Tech, Information Technology) with hands-on experience in Generative AI, Large Language Models (LLMs), Machine Learning, Deep Learning, and NLP. Built 4 end-to-end AI projects including multi-agent systems, RAG pipelines, and LLM-powered applications using LangChain, LangGraph, Model Context Protocol (MCP) servers, FastAPI, and PostgreSQL. Seeking an AI/ML Engineer, GenAI Engineer, or LLM Engineer role to build scalable, production-ready AI solutions.

TECHNICAL SKILLS

Languages: Python, C++
Generative AI & LLMs: Generative AI, Large Language Models (LLMs), Prompt Engineering, Embeddings, Fine-Tuning LLMs, LLM Evaluation, Inference Optimization, Groq LLM
RAG & Vector Search: Retrieval-Augmented Generation (RAG), Vector Databases, Semantic Search, Document Q&A
Agentic AI: AI Agents, Agentic Workflows, LangChain, LangGraph, MCP (Model Context Protocol) Servers, Multi-Agent Orchestration, Tool/Function Calling, Human-in-the-Loop (HITL)
ML, DL & NLP: Machine Learning, Deep Learning (ANN, RNN, CNN), Natural Language Processing (NLP), Transformers, Transfer Learning, Scikit-learn, Hugging Face, EDA
Backend & Frontend: FastAPI, REST APIs, React.js
Database: PostgreSQL, SQL
Tools & Libraries: PyTorch, TensorFlow, Pandas, NumPy, Docker, Git & GitHub

PROJECTS

Resume Analyzer — AI Resume Evaluation Tool
LangGraph, LangChain, Python, FastAPI, REST API, MCP Server Integration, LLM

- Developed a LangGraph-based multi-step AI agent workflow that compares a resume PDF against a job description to compute ATS score, keyword match, skills gap, and experience alignment.
- Generates strengths, weaknesses, improvement suggestions, project feedback, and a final hiring recommendation, improving candidate shortlisting accuracy.

Automate Job Search Agent — AI-Powered Job Search Automation
LangGraph, LangChain, AI Agents, LLM, Python

- Built an autonomous AI agent that converts a resume or job description into live searches across multiple job platforms, automating keyword extraction and eliminating manual tab-switching.

Chatbot with FastAPI — Conversational AI Application
FastAPI, REST API, LangChain, Groq LLM, PostgreSQL

- Developed an LLM-powered chatbot with FastAPI REST APIs, persisting conversation history in PostgreSQL and using Groq LLM for low-latency inference.

Follow-up Agent — AI-Powered Sales Assistant
LangChain, LangGraph, AI Agents, LLM, Python, FastAPI

- Built an AI sales assistant that analyzes customer conversations, identifies high-value leads, and recommends the next best action using LLM-based reasoning.
- Automated personalized follow-up email generation and scheduling to help sales teams never miss an opportunity.

ACHIEVEMENTS & CERTIFICATIONS

- Campus Ambassador, Entrepreneurship Development Cell (eDC), IIT Delhi — Selected for a 45-day program (2025–26), contributing to campus outreach and entrepreneurship initiatives; recognized with a certificate and Letter of Recommendation.
- Kaggle – Python Programming — Earned a Kaggle badge for demonstrating proficiency in Python programming and practical coding skills.

EDUCATION

Bachelor of Engineering (B.Tech), Information Technology — Currently in 3rd Year
Kamla Nehru Institute of Technology, Sultanpur | CGPA: 7.86
